Human Rights violations in Balochistan committed by the Iranian Regime on Feb 2020

The Iranian regime continues to violate human rights in Balochistan, from target killing of defenceless Baloch citizens to executing imprisoned political and social activists. Baloch prisoners are kept as hostages without any judicial proceedings and fair trials, so that Iranian regime can execute them on arbitrary pretexts whenever they want!

Iranian regime does not take any respite when it comes to oppressing the civil liberties and human rights in Balochistan. Even in the rush of the recent parliamentary elections or the new global health crisis of Covid-19, the security apparatus of the Iranian regime has been committing heinous crimes in Balochistan in broad daylight and with complete impunity.
